Ok thanks Chuck. We are visiting each location and targeting grain size. Should be pretty straight forward, and with CDM there we can go over any field questions. Thanks, Lisa

Lisa,

I was not planning on going on the recon trip next week...unless there is a need for me to tag along?

Chuck

Subject: Recon next week

Chuck, we are checking on the number of agency folks that will be on the recon with us next Tuesday. We

are getting set up in the am but can meet you at 1PM to take everyone to all of the targeted sediment locations. We would like folks to meet at the launch facility (just a gravel lot and small boat launch) on River Drive. I'm sure you know of it but it is across from Memorial High School at Elmwood Park (across from 375 River Drive) if anyone needs to GPS the location. Karen Tobiason (cell 206-446-6337) will be Windward's contact person for the recon effort. Thanks, Lisa
